## About ART:360

ART: 360 is a supplemental art program administered by Cattaraugus-Allegany BOCES and hosted at the Wellsville Creative Arts Center. Each school year, we offer four 9-week sessions held one evening a week and designed for students grades 7-12.

## OUR MISSION

The Wellsville Creative Arts Center exists to enhance the quality of life for the people in our community. Its purpose is to provide high quality education through creative programming in a venue that supports a wide range of cultural and community activities. The Arts Center functions through the collaborative efforts of dedicated employees, volunteers, and supporters.

FALL CLASSES

## Drawing & Painting

CORINN MARRIOTT

Art Mixer - An introductory class with an in depth look at the skills required to draw the human face, body and landscapes from an illustrator point of view. Students will be introduced to compositional tools and techniques preparing them to plan a strong composition with a focus on lighting and detail. This class will cover multiple mediums and techniques to give students an overview of all things 2D.

## Cooking

LYDIA KOEHLER

Over this eight week course students will learn the fundamental building blocks of cooking and will go over basic recipes, food preparation, and working with a multitude of ingredients. Students will leave the class with essential cooking skills they can use to continue their education in bigger kitchens and recipes. Those who take the class will leave with the abc's of cooking and there will be no meal they can't make!

## Creative Coffee

MAGGIE WEISS

In this course students will be introduced to the history, types, sourcing and preparation of coffee and tea. While indulging in coffee and tea beverages, students will develop a deeper understanding of one of the world's most popular beverages. Students will learn proper cupping techniques, different drink combinations, keep tasting notes and get a grasp on what it takes to make the perfect cup in a busy coffee house setting. The sky's the limit when beginner and advanced students learn how to master the art of coffee.

## Functional Ceramics

CHRISTINA RHODES

This class is for all skill levels. Students will be guided through the process of throwing and finishing utilitarian forms. Students will be taught how to make forms ranging from mugs and bowls for the beginner to casseroles, pitchers and jars for the more advanced students. Students will learn the importance of creating utilitarian work that can be both aesthetically pleasing and used daily. The class will focus on a ground up process from clay prep to a finished piece ready to be put to use.

## Grasshopper (Class Hopper)

Can't decide on one class? This is an opportunity to hop around each class. Enroll as a grasshopper and attend 2 Drawing and Painting classes, 2 Cooking classes, 2 Creative Coffee classes, and 2 Functional Ceramics classes!
